

Wellbeing

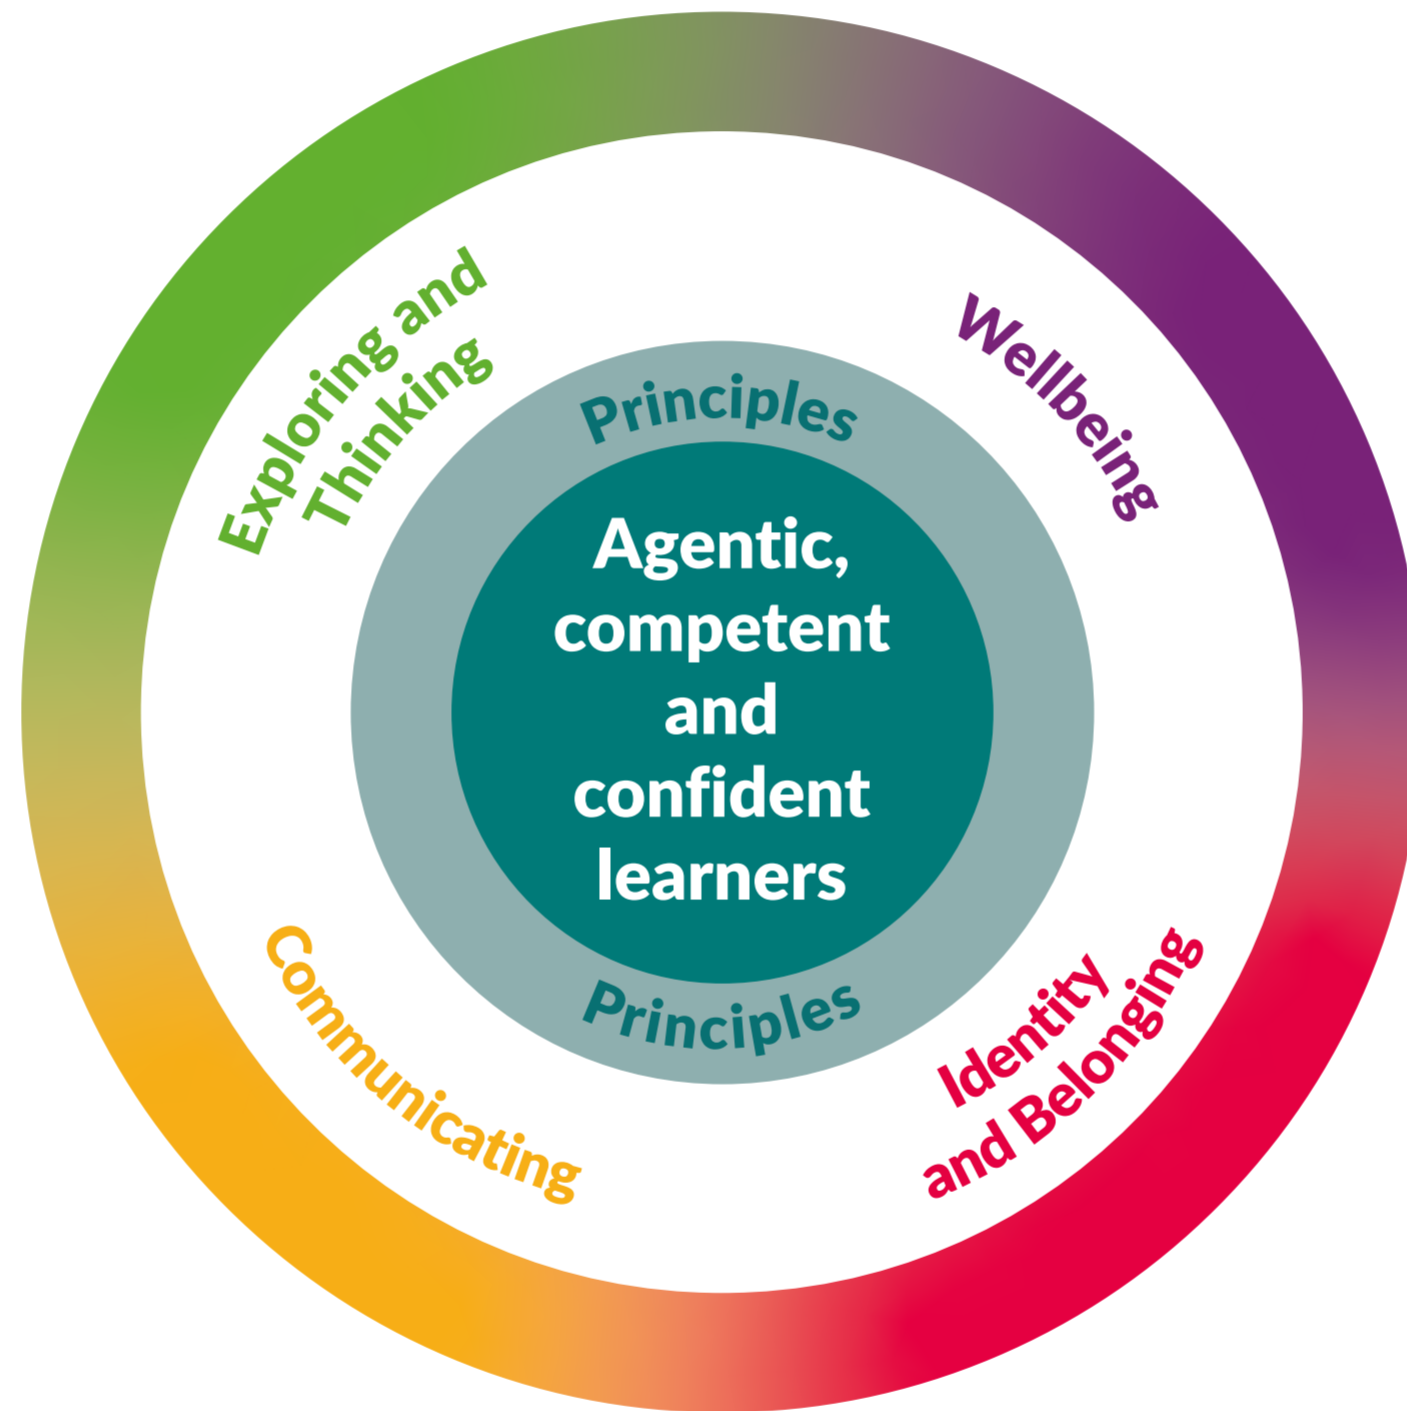

Aistear uses four interconnected Themes to describe how babies, toddlers and young children learn and develop. **Wellbeing** is one of these Themes.

Aim 1

Babies, toddlers and young children will be strong psychologically and socially.

Aim 3

Babies, toddlers and young children will be creative, spiritual and compassionate.

Aim 2

Babies, toddlers and young children will be as healthy and as active as they can be.

Aim 4

Babies, toddlers and young children will be agentic global citizens and have positive outlooks on learning and on life.

Aistear's Theme of Wellbeing is about babies, toddlers and young children being confident, *sona* (happy) and healthy.
